EXIDE 4 EPzS 240Ah Traction Cell

Battery / Accu | EXIDE | 0239302-EX

Multi-shift deep-cycle demands a battery that sustains high discharge rates without capacity degradation. Advanced tubular plate technology provides superior energy density and extended cycle life for industrial equipment.

Features

- Sustained 240Ah capacity ensures extended operational periods for industrial equipment, reducing the frequency of recharging and boosting overall productivity.
- Specifically engineered for electric forklifts, pallet trucks, and other material handling equipment in demanding warehouse and logistics environments.
- Utilizes advanced tubular plate technology for superior deep-cycle performance and enhanced durability under heavy, repeated discharge conditions.
- Designed for reliable integration into standard industrial vehicle charging systems, offering dependable power transfer and operational readiness.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
2 V	**240 Ah**	**15,4 kg**

Technical Specifications

General Information

Technology	**Traction Cell**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**83 mm**
Width	**198 mm**
Height	**343 mm**
Weight	**15,4 kg**

Electrical Specifications

Nominal Voltage	**2 V**
Rated Capacity (C20)	**240 Ah**

Regulatory Compliance

CE

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0239302-EX**
Manufacturer Code:	**4 EPzS**
