EXIDE Premium 12V 77Ah Starter Battery

Battery / Accu | EXIDE | EA770

Automotive fleet maintenance requires a starter battery that guarantees engine ignition in extreme cold conditions. With 760A EN cold cranking power, this battery ensures reliable starts even below freezing, integrating advanced lead-acid technology for consistent engine turnover.

Features

- Ensures reliable engine starts even in extreme cold with 760A (EN) cold cranking power.
- Specifically engineered for the rigorous demands of the automotive sector.
- Utilizes advanced lead-acid technology for dependable and consistent power delivery.
- Built to withstand the vibrations and electrical demands typical of automotive environments.
