EXIDE 24V 150Ah Traction Battery (Complete)

Battery / Accu | EXIDE | 0261885-EX

Without sustained 150Ah capacity, heavy-duty industrial equipment risks premature recharging and workflow interruptions. This 24V traction battery delivers consistent power for electric forklifts and pallet trucks, ensuring extended operational cycles and maximising productivity in demanding logistics environments.

Features

- Sustained 150Ah capacity ensures extended operational cycles for heavy-duty industrial equipment, reducing the need for frequent recharging and minimizing workflow interruptions.
- Specifically engineered for electric forklifts, pallet trucks, and other material handling vehicles operating in demanding warehouse and logistics environments.
- Utilizes advanced traction battery technology for robust deep-cycling performance, delivering consistent power output and a prolonged service life under rigorous use.
- Features a complete unit design with an integrated REMA 80 connector for straightforward installation and secure, reliable electrical connections.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
24 V	**150 Ah**	**150 kg**

Technical Specifications

General Information

Technology	**Traction Battery (Complete)**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**660 mm**
Width	**145 mm**
Height	**590 mm**
Weight	**150 kg**

Electrical Specifications

Nominal Voltage	**24 V**
Rated Capacity (C20)	**150 Ah**

Regulatory Compliance

CE

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0261885-EX**
Manufacturer Code:	**2 EPzB**
