EXIDE 24V 465Ah Traction Battery

Battery / Accu | EXIDE | 0269091-EX

Sustained 465Ah capacity at 24V ensures extended operational shifts for material handling equipment, minimizing downtime. Advanced deep-cycle technology provides superior performance and resilience against heavy workloads in industrial environments.

Features

- Sustained 465Ah capacity at 24V ensures extended operational shifts for electric material handling equipment, minimizing downtime.
- Engineered for the rigorous demands of industrial environments, including logistics, warehousing, and manufacturing facilities.
- Advanced traction battery technology provides superior deep-cycle performance and resilience against heavy workloads.
- Integrated aqua+ system and REMA 160 connector facilitate efficient maintenance and secure, reliable power connections.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
24 V	**465 Ah**	**387 kg**

Technical Specifications

General Information

Technology	**Traction Battery**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**798 mm**
Width	**212 mm**
Height	**784 mm**
Weight	**387 kg**

Electrical Specifications

Nominal Voltage	**24 V**
Rated Capacity (C20)	**465 Ah**

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0269091-EX**
Manufacturer Code:	**3 EPzS**
