EXIDE 12V 70Ah Start-Stop Battery

Battery / Accu | EXIDE | EL700

720A cold-cranking power ensures confident starts in any condition, preventing vehicle downtime. This EFB battery is specifically engineered for vehicles with start-stop functionality and regenerative braking, optimizing energy management and extending operational life.

Features

- Delivers robust 720A cold-cranking power for confident starts in all conditions, ensuring your vehicle is always ready to go.
- Specifically engineered for vehicles with start-stop functionality and regenerative braking systems, optimizing energy management and performance.
- Utilizes advanced EFB technology for superior cycle life and deep discharge resilience, extending battery lifespan and reducing replacement frequency.
- Designed with a compact footprint (278x175x190 mm) for straightforward installation in a wide range of vehicle battery compartments.
