

SUNLIGHT 10 PzS 800Ah Traction Cell

Battery / Accu | SUNLIGHT | 0239317-SL

Sustained 800Ah capacity from tubular plate technology ensures operational continuity for material handling equipment by maintaining high energy reserves. This PzS construction delivers superior cycle life and deep discharge resilience required for intensive industrial operations.

Features

- Sustained 800Ah capacity ensures extended operational periods, enabling continuous material handling and logistics tasks without frequent recharging interruptions.
- Specifically engineered for material handling equipment, AGVs, and industrial electric vehicles within demanding warehouse and manufacturing environments.
- Utilizes robust tubular plate technology (PzS) for superior cycle life and deep discharge performance, outlasting standard flat plate designs in intensive use.
- Designed for integration into standard industrial battery compartments, ensuring straightforward fitment and compatibility with existing electric fleets.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
2 V	800 Ah	43,4 kg

Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Cell	Nominal Voltage	2 V
Chemistry	Lead-Acid	Rated Capacity (C20)	800 Ah
Physical Specifications			
Length	192 mm		
Width	198 mm		
Height	408 mm		
Weight	43,4 kg		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **0239317-SL**
 Manufacturer Code: **10 PzS**
