EXIDE 12V 140Ah Starter Battery

Battery / Accu | EXIDE | EP1200

When specifying starter batteries for large engines, 700A cold-cranking power ensures reliable ignition in sub-zero temperatures. This advanced AGM battery is engineered for heavy-duty commercial vehicles and demanding industrial applications requiring dependable starting.

Features

- Delivers robust 700A cold-cranking power, ensuring reliable starting for large engines even in sub-zero temperatures.
- Engineered for heavy-duty commercial vehicles, agricultural equipment, and demanding industrial applications requiring dependable power.
- Utilizes advanced AGM technology for superior vibration resistance and a completely maintenance-free operation.
- Designed with a sealed construction to prevent leakage and ensure safe operation in diverse environmental conditions.
