COTEK 12V Smart Charger

Battery Charger / Acculader | COTEK | CX1225

Professional use demands precise charging for extended battery life, achieved via its intelligent 3-stage algorithm and thermal compensation. This technology safeguards against overcharging, short circuits, and reverse polarity, ensuring safety and longevity.

Features

- Ensures batteries are charged effectively and efficiently with a 25Ah capacity at 12V, supporting continuous operation for your critical equipment.
- Engineered for diverse environments, it serves caravans, automotive, marine, camper, and heavy-duty applications, providing reliable power where needed.
- Intelligent charging technology protects against overcharging, short circuits, and reverse polarity, extending battery life and ensuring operational safety.
- Compact and lightweight at 1.7kg with dimensions of 183 x 72 x 243 mm, it integrates seamlessly into various power systems without compromising space.

NOMINAL OUTPUT VOLTAGE	MAX OUTPUT CURRENT	WEIGHT
12 V	**25 A**	**1,7 kg**

Technical Specifications

Output	
Nominal Output Voltage	**12 V**
Max Output Current	**25 A**

Physical Specifications	
Length	**183 mm**
Width	**72 mm**
Height	**243 mm**
Weight	**1,7 kg**

Connectivity & Protection	
Reverse Polarity Protection	**? Yes**
Short Circuit Protection	**? Yes**

Regulatory Compliance

CE

Standards: EN 60335-2-29, EN 55014, EN 61000-3-2

Regulatory: CE

Product Identification

Item Code:	**CX1225**
Manufacturer Code:	**CX1225**
Model:	**CX1225**
