SUNLIGHT 7 PzS 630Ah Traction Cell

Battery / Accu | SUNLIGHT | 0239323-SL

PzS tubular plate technology offers extended operational periods between charges for industrial electric vehicles in fixed and mobile DC systems where re-installation is impractical. Its superior cycle life and charge efficiency boost uptime and reduce total cost of ownership.

Features

- The 630Ah capacity ensures extended operational periods between charges, directly translating to increased uptime and productivity for your electric vehicle fleet.
- Engineered specifically for industrial electric vehicles, this traction cell is the power solution for demanding logistics and material handling applications.
- Featuring PzS tubular plate technology, this cell offers superior cycle life and charge efficiency compared to standard flat-plate designs, reducing total cost of ownership.
- With a robust build and precise dimensions (137x198x478mm), it offers reliable integration and enduring performance in demanding industrial environments.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
2 V	**630 Ah**	**37,2 kg**

Technical Specifications

General Information

Technology	**Traction Cell**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**137 mm**
Width	**198 mm**
Height	**478 mm**
Weight	**37,2 kg**

Electrical Specifications

Nominal Voltage	**2 V**
Rated Capacity (C20)	**630 Ah**

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0239323-SL**
Manufacturer Code:	**7 PzS**
Model:	**0239323-SL**
