

# SUNLIGHT 5 PzS 625Ah Traction Cell

Battery / Accu | SUNLIGHT | 0239348-SL

Deep-cycle operation across demanding material handling tasks requires consistent power delivery for sustained performance. PzS cell technology delivers stable, reliable power throughout discharge, enabling forklifts to complete more cycles per charge.

### Features

- With a 625Ah capacity, this battery delivers extended runtimes, enabling forklifts to complete more cycles per charge and keep operations moving.
- Specifically engineered for forklift applications, this battery ensures consistent power delivery for demanding material handling tasks.
- The PzS cell technology is optimized for deep-cycle performance, providing stable and reliable power throughout the entire discharge, crucial for industrial equipment.
- Built to withstand the rigors of industrial environments, this battery offers dependable operation and integration within existing forklift power systems.
