EXIDE 12V 100Ah Starter Battery

Battery / Accu | EXIDE | EP900

Extreme cold conditions are overcome by 720A cranking power, ensuring reliable engine starts and minimising fleet downtime. This AGM battery is engineered for demanding starter applications, providing the robust power required for commercial vehicles and off-road equipment.

Features

- Delivers exceptional cranking power of 720A, ensuring reliable engine starts even in extreme cold conditions, minimizing downtime for your fleet.
- Engineered for demanding starter applications, providing the robust power required for commercial vehicles, off-road equipment, and high-demand passenger cars.
- Utilizes advanced AGM (Absorbent Glass Mat) technology for superior vibration resistance and maintenance-free operation, enhancing battery longevity and reducing service needs.
- Features a sealed, spill-proof design for safe installation in a variety of orientations and environments, protecting surrounding components and ensuring operational integrity.
