

SUNLIGHT 10 PzS 1250Ah Traction Cell

Battery / Accu | SUNLIGHT | 0239353-SL

When evaluating traction batteries for industrial fleets, deep discharge capability and extended cycle life determine total cost of ownership. PzS tubular plate technology sustains 1250Ah capacity over numerous deep discharge cycles, ensuring prolonged operational periods for heavy-duty electric vehicles.

Features

- Sustained 1250Ah capacity ensures extended operational periods, minimizing costly downtime for industrial fleets.
- Engineered specifically for heavy-duty electric vehicles used in warehousing, manufacturing, and logistics operations.
- PzS tubular plate technology offers superior cycle life and deep discharge capability compared to standard flat plate designs.
- Designed for reliable integration into various industrial vehicle chassis with compact dimensions and robust construction.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
2 V	1.250 Ah	66 kg

Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Cell	Nominal Voltage	2 V
Chemistry	Lead-Acid	Rated Capacity (C20)	1.250 Ah
Physical Specifications			
Length	192 mm		
Width	198 mm		
Height	568 mm		
Weight	66 kg		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **0239353-SL**
 Manufacturer Code: **10 PzS**
