GYS 5M Charging Cable Set with Clamps

Accessory | GYS | GYS054615

Extended reach is critical for flexible battery servicing and operational continuity. This 5-meter set connects GYS Flash chargers to diverse vehicle positions, ensuring reliable power transfer with its robust clamp design.

Features

- 5-meter cable length provides extended reach for convenient battery charging in various scenarios.
- Designed for use with GYS Flash series battery chargers, ensuring seamless integration and optimal performance.
- Robust clamp design ensures a secure and stable connection for efficient and reliable power transfer.
- Durable construction built to withstand the demands of professional workshop environments.
