

# SUNLIGHT 4 PzS 620Ah Traction Cell

Battery / Accu | SUNLIGHT | 0239365-SL

High 620Ah capacity sustains extended operational periods, significantly reducing forklift recharge frequency and maximising uptime. Utilising proven lead-acid technology, this battery offers consistent power delivery engineered for rigorous material handling demands.

### Features

- Sustain extended operational periods with a high 620Ah capacity, significantly reducing the frequency of recharging and keeping your forklifts productive.
- Specifically engineered for the rigorous demands of forklift applications, ensuring consistent power delivery for material handling tasks.
- Utilizes proven lead-acid technology, offering a reliable and cost-effective energy source for industrial equipment.
- Designed to fit standard forklift battery compartments, ensuring straightforward integration and minimal operational disruption.
