EXIDE 2 EPzS 130Ah Traction Cell

Battery / Accu | EXIDE | 0247664-EX

Sustained 130Ah capacity powers extended operational cycles, ensuring equipment productivity throughout the shift. Engineered for electric industrial vehicles, it delivers consistent power output, minimizing operational interruptions in material handling.

Features

- Sustained 130Ah capacity provides the power required for extended operational cycles, ensuring your equipment remains productive throughout the shift.
- Specifically engineered for the rigorous demands of electric industrial vehicles, ensuring reliable performance in material handling and logistics environments.
- Utilizes robust construction and advanced cell technology to deliver consistent, dependable power output, minimizing operational interruptions.
- Designed for seamless integration into electric industrial vehicles, offering a compact form factor and reliable electrical connections.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
2 V	**130 Ah**	**9,1 kg**

Technical Specifications

General Information

Technology	**Traction Cell**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**45 mm**
Width	**158 mm**
Height	**457 mm**
Weight	**9,1 kg**

Electrical Specifications

Nominal Voltage	**2 V**
Rated Capacity (C20)	**130 Ah**

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0247664-EX**
Manufacturer Code:	**2 EPzB**
