

EXIDE 2 EPzS 130Ah Traction Cell

Battery / Accu | EXIDE | 0247664-EX

Sustained 130Ah capacity powers extended operational cycles, ensuring equipment productivity throughout the shift. Engineered for electric industrial vehicles, it delivers consistent power output, minimizing operational interruptions in material handling.

Features

- Sustained 130Ah capacity provides the power required for extended operational cycles, ensuring your equipment remains productive throughout the shift.
- Specifically engineered for the rigorous demands of electric industrial vehicles, ensuring reliable performance in material handling and logistics environments.
- Utilizes robust construction and advanced cell technology to deliver consistent, dependable power output, minimizing operational interruptions.
- Designed for seamless integration into electric industrial vehicles, offering a compact form factor and reliable electrical connections.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
2 V	130 Ah	9,1 kg

Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Cell	Nominal Voltage	2 V
Chemistry	Lead-Acid	Rated Capacity (C20)	130 Ah
Physical Specifications			
Length	45 mm		
Width	158 mm		
Height	457 mm		
Weight	9,1 kg		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **0247664-EX**
 Manufacturer Code: **2 EPzB**
