EXIDE 2 EPzB 200Ah Traction Cell

Battery / Accu | EXIDE | 0247706-EX

200Ah capacity ensures sustained energy output for extended operational periods, minimising downtime for electric material handling equipment. Engineered for the rigorous demands of industrial vehicles, it delivers consistent performance under continuous load to maximise productivity in high-intensity applications.

Features

- Delivers sustained energy output for extended operational periods, minimizing downtime for electric material handling equipment.
- Engineered for the rigorous demands of industrial vehicles, including forklifts, sweepers, and AGVs operating in demanding warehouse and manufacturing settings.
- Utilizes advanced internal design to ensure consistent performance under continuous load, maximizing productivity in high-intensity applications.
- Built for deep discharge cycles and frequent use, providing the resilience required for demanding industrial vehicle applications.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
2 V	**200 Ah**	**12,3 kg**

Technical Specifications

General Information

Technology	**Traction Cell**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**45 mm**
Width	**158 mm**
Height	**606 mm**
Weight	**12,3 kg**

Electrical Specifications

Nominal Voltage	**2 V**
Rated Capacity (C20)	**200 Ah**

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0247706-EX**
Manufacturer Code:	**2 EPzB**
