EXIDE 24V 3 EPzS 375Ah Traction Battery

Battery / Accu | EXIDE | 0261853-EX

Without sustained 375Ah capacity at 24V, your equipment risks incomplete shifts and operational downtime. This traction battery is engineered for demanding industrial applications, delivering consistent deep-cycling performance and extended service life.

Features

- Sustained 375Ah capacity at 24V ensures extended operational periods, allowing your equipment to complete full shifts without interruption.
- Specifically engineered for demanding traction applications, including forklifts, pallet trucks, and other industrial electric vehicles.
- Utilizes advanced cell technology for enhanced deep cycling capabilities, delivering consistent power and a longer service life in high-demand environments.
- Features the integrated aqua+REMA160 connection system for simplified, secure installation and maintenance, ensuring operational readiness.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
24 V	**375 Ah**	**294 kg**

Technical Specifications

General Information

Technology	**Traction Battery**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**621 mm**
Width	**281 mm**
Height	**627 mm**
Weight	**294 kg**

Electrical Specifications

Nominal Voltage	**24 V**
Rated Capacity (C20)	**375 Ah**

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0261853-EX**
Manufacturer Code:	**3 EPzS**
