EXIDE 48V 625Ah Traction Battery

Battery / Accu | EXIDE | 0261869-EX

In industrial electric vehicles requiring sustained power for extended shifts, the 625Ah capacity ensures maximum fleet uptime and productivity. Aqua+ technology with REMA 320 connectors facilitates simplified maintenance and secure power transfer for operational continuity.

Features

- Extended operational periods of up to 625Ah capacity ensure your equipment remains powered for longer shifts, maximizing fleet uptime and productivity.
- Engineered for the rigorous demands of industrial electric vehicles, including forklifts and pallet trucks, ensuring reliable operation in logistics and manufacturing.
- Aqua+ technology and REMA 320 connectors facilitate simplified maintenance and secure, efficient power transfer, contributing to operational continuity.
- Designed for high cycle life and deep discharge tolerance, providing a dependable and long-lasting power source for intensive industrial applications.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
48 V	**625 Ah**	**875 kg**

Technical Specifications

General Information

Technology	**Traction Battery**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**827 mm**
Width	**627 mm**
Height	**627 mm**
Weight	**875 kg**

Electrical Specifications

Nominal Voltage	**48 V**
Rated Capacity (C20)	**625 Ah**

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0261869-EX**
Manufacturer Code:	**5 EPzS**
