EXIDE 48V 750Ah Traction Battery

Battery / Accu | EXIDE | 0261871-EX

Simplified electrolyte management is achieved through integrated aqua+ technology, directly extending service life in demanding industrial applications. The high-capacity 750Ah output sustains peak performance for electric forklifts and logistics equipment across multi-shift operations.

Features

- Consistent high-capacity 750Ah output ensures extended runtimes for demanding industrial equipment, maximizing operational uptime and productivity.
- Specifically engineered for heavy-duty traction applications, including electric forklifts and industrial vehicles operating in demanding logistics and manufacturing environments.
- Features aqua+ technology for simplified maintenance and REMA 320 connectors for secure, reliable power delivery, enhancing operational safety and efficiency.
- Robust construction and advanced design provide exceptional durability and performance, ensuring reliable power delivery even under continuous, heavy-duty use.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
48 V	**750 Ah**	**1,031 kg**

Technical Specifications

General Information

Technology	**Traction Battery**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**827 mm**
Width	**735 mm**
Height	**627 mm**
Weight	**1,031 kg**

Electrical Specifications

Nominal Voltage	**48 V**
Rated Capacity (C20)	**750 Ah**

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0261871-EX**
Manufacturer Code:	**6 EPzS**
