SUNLIGHT 48V 750Ah Traction Battery

Battery / Accu | SUNLIGHT | 0261871-SL

Advanced PzS tubular plate technology provides superior energy density, enabling extended operational cycles with 750Ah capacity to maximize material handling fleet uptime. This battery is purpose-built for heavy-duty industrial environments, integrating seamlessly into electric forklifts and sweepers.

Features

- Extended operational cycles with 750Ah capacity ensure maximum uptime for your material handling fleet, reducing the need for frequent recharging.
- Engineered for heavy-duty industrial environments, this battery is purpose-built for electric forklifts, sweepers, and other traction vehicles in logistics and manufacturing.
- Utilizing advanced PzS tubular plate technology for superior energy density and extended cycle life compared to standard flat plate designs.
- Features integrated aqua+ system and REMA 320 connectors for simplified watering and robust electrical connections, ensuring operational readiness.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
48 V	**750 Ah**	**1,031 kg**

Technical Specifications

General Information

Technology	**Traction Battery**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**827 mm**
Width	**735 mm**
Height	**627 mm**
Weight	**1,031 kg**

Electrical Specifications

Nominal Voltage	**48 V**
Rated Capacity (C20)	**750 Ah**

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0261871-SL**
Manufacturer Code:	**6 PzS**
