

# SUNLIGHT 48V 750Ah Traction Battery

Battery / Accu | SUNLIGHT | 0261871-SL

Advanced PzS tubular plate technology provides superior energy density, enabling extended operational cycles with 750Ah capacity to maximize material handling fleet uptime. This battery is purpose-built for heavy-duty industrial environments, integrating seamlessly into electric forklifts and sweepers.

### Features

- Extended operational cycles with 750Ah capacity ensure maximum uptime for your material handling fleet, reducing the need for frequent recharging.
- Engineered for heavy-duty industrial environments, this battery is purpose-built for electric forklifts, sweepers, and other traction vehicles in logistics and manufacturing.
- Utilizing advanced PzS tubular plate technology for superior energy density and extended cycle life compared to standard flat plate designs.
- Features integrated aqua+ system and REMA 320 connectors for simplified watering and robust electrical connections, ensuring operational readiness.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
<b>48 V</b>	<b>750 Ah</b>	<b>1,031 kg</b>

## Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Battery	Nominal Voltage	48 V
Chemistry	Lead-Acid	Rated Capacity (C20)	750 Ah
Physical Specifications			
Length	827 mm		
Width	735 mm		
Height	627 mm		
Weight	1,031 kg		

### Regulatory Compliance

**CE** Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3  
 Regulatory: CE | Bebat | ADR

### Product Identification

Item Code: **0261871-SL**  
 Manufacturer Code: **6 PzS**
