EXIDE 48V 620Ah Traction Battery

Battery / Accu | EXIDE | 0261874-EX

Without a high-capacity 620Ah battery like this, demanding material handling operations risk costly interruptions and reduced productivity. Its DIN-C construction and robust design ensure consistent power delivery throughout deep discharge cycles.

Features

- Extended operational uptime and enhanced productivity through a substantial 620Ah capacity, minimizing costly interruptions.
- Engineered for demanding material handling applications including electric forklifts, pallet jacks, and automated guided vehicles.
- Utilizes advanced traction battery technology to deliver consistent and reliable power output throughout the discharge cycle.
- Robust construction designed to withstand the rigors of industrial environments, ensuring long-term operational integrity.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
48 V	**620 Ah**	**948 kg**

Technical Specifications

General Information

Technology	**Traction Battery**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**220 mm**
Width	**352 mm**
Height	**784 mm**
Weight	**948 kg**

Electrical Specifications

Nominal Voltage	**48 V**
Rated Capacity (C20)	**620 Ah**

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0261874-EX**
Manufacturer Code:	**4 EPzS**
