

SUNLIGHT 24V 1000Ah Traction Battery

Battery / Accu | SUNLIGHT | 0263466-SL

High-duty industrial applications demanding continuous operation across multiple shifts are sustained by a 1000Ah capacity. This PzS tubular plate technology delivers superior cycle life, ensuring extended operational uptime for material handling equipment.

Features

- Extended operational uptime for demanding industrial applications, supported by a 1000Ah capacity that minimizes recharging interruptions and maximizes productivity.
- Engineered for high-cycle industrial environments, specifically powering electric forklifts, pallet trucks, and other material handling equipment in logistics and manufacturing.
- Utilizes PzS tubular plate technology, delivering superior cycle life and energy density compared to flat plate designs, ensuring long-term performance and reliability.
- Features DIN-A compliance and includes aqua+REMA320 connectors for robust integration and safe, efficient power transfer within industrial electric vehicle systems.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
24 V	1.000 Ah	725 kg

Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Battery	Nominal Voltage	24 V
Chemistry	Lead-Acid	Rated Capacity (C20)	1.000 Ah
Physical Specifications			
Length	827 mm		
Width	486 mm		
Height	627 mm		
Weight	725 kg		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **0263466-SL**
 Manufacturer Code: **8 PzS**
