

SUNLIGHT 24V 625Ah Traction Battery

Battery / Accu | SUNLIGHT | 0264207-SL

Multi-shift traction cycles demand a battery that sustains discharge depth without capacity loss. The sustained 625Ah capacity ensures extended operational periods for electric forklifts, reducing the frequency of recharging and maximizing vehicle availability.

Features

- Sustained 625Ah capacity ensures extended operational periods for electric forklifts, reducing the frequency of recharging and maximizing vehicle availability.
- Specifically engineered for intensive forklift operations in logistics, manufacturing, and warehousing environments, guaranteeing consistent power delivery.
- Utilizes advanced lead-acid technology for deep discharge tolerance and resilience against the continuous cycling found in demanding industrial applications.
- Features integrated aqua+ system and REMA 320 connector for safe, reliable power transfer and enhanced operational continuity.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
24 V	625 Ah	435 kg

Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Battery	Nominal Voltage	24 V
Chemistry	Lead-Acid	Rated Capacity (C20)	625 Ah
Physical Specifications			
Length	827 mm		
Width	324 mm		
Height	627 mm		
Weight	435 kg		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **0264207-SL**
 Manufacturer Code: **11124050625**
