

# EXIDE 80V 930Ah Traction Battery (Complete)

Battery / Accu | EXIDE | 0264209-EX

Industrial material handling requires extended operational runtimes without frequent recharging. The 930Ah capacity of this 80V traction battery sustains continuous logistics operations, integrating advanced EPzS cell technology for reliable power during intensive duty cycles.

### Features

- The 930Ah capacity ensures extended operational runtimes, enabling continuous material handling and logistics operations without frequent recharging.
- Specifically engineered for heavy-duty electric vehicles and equipment used in industrial settings like warehouses and manufacturing plants.
- Utilizes advanced EPzS cell technology for superior energy density and a robust design, delivering reliable power for intensive duty cycles.
- Includes aqua+ system and REMA 320 connector for enhanced operational efficiency, simplified maintenance, and secure power transfer.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
<b>80 V</b>	<b>930 Ah</b>	<b>2,184 kg</b>

## Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Battery (Complete)	Nominal Voltage	80 V
Chemistry	Lead-Acid	Rated Capacity (C20)	930 Ah
Physical Specifications			
Length	25 mm		
Width	996 mm		
Height	784 mm		
Weight	2,184 kg		

### Regulatory Compliance

**CE** Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3  
 Regulatory: CE | Bebat | ADR

### Product Identification

Item Code: **0264209-EX**  
 Manufacturer Code: **6 EPzS**
