EXIDE 24V 375Ah Traction Battery (Complete)

Battery / Accu | EXIDE | 0264213-EX

Multi-shift traction cycles demand a battery that sustains discharge depth without capacity loss; the integrated aqua+ system manages electrolyte levels for extended cycle life. This 24V, 375Ah power pack features a REMA 160 connector, facilitating safe and efficient power transfer to material handling equipment.

Features

- Sustained 375Ah capacity and 24V output ensure extended operational periods and consistent power delivery for demanding industrial applications.
- Engineered for the rigorous demands of material handling vehicles, forklifts, and electric industrial equipment operating in warehouses and logistics centers.
- Features the integrated aqua+ system for simplified maintenance and REMA 160 connector for safe and efficient power transfer, enhancing operational reliability.
- Robust construction designed for frequent deep discharges and continuous operation, ensuring maximum uptime for your fleet.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
24 V	**375 Ah**	**300 kg**

Technical Specifications

General Information

Technology	**Traction Battery (Complete)**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**786 mm**
Width	**210 mm**
Height	**630 mm**
Weight	**300 kg**

Electrical Specifications

Nominal Voltage	**24 V**
Rated Capacity (C20)	**375 Ah**

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0264213-EX**
Manufacturer Code:	**3 EPzS**
