

SUNLIGHT 24V 375Ah Traction Battery

Battery / Accu | SUNLIGHT | 0264213-SL

Without superior deep-cycle performance, electric vehicle uptime suffers, leading to costly interruptions. This 375Ah PzS battery sustains high capacity across numerous charge/discharge cycles, ensuring extended operational continuity for demanding material handling.

Features

- Sustained high capacity of 375Ah at 24V provides extended operational cycles, directly translating to increased productivity and fewer interruptions in demanding material handling tasks.
- Engineered for industrial electric vehicles such as forklifts and pallet trucks, ensuring uninterrupted operation in warehouse and manufacturing environments.
- Utilizes PzS technology for superior deep-cycle performance, offering a high number of charge/discharge cycles for exceptional longevity and reduced total cost of ownership.
- Integrated aqua+ system simplifies maintenance and enhances safety, while the REMA160 connector ensures robust and reliable electrical connections for critical applications.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
24 V	375 Ah	300 kg

Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Battery	Nominal Voltage	24 V
Chemistry	Lead-Acid	Rated Capacity (C20)	375 Ah
Physical Specifications			
Length	786 mm		
Width	210 mm		
Height	630 mm		
Weight	300 kg		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **0264213-SL**
 Manufacturer Code: **3 PzS**
