EXIDE 24V 300Ah Traction Battery

Battery / Accu | EXIDE | 0265127-EX

Sustained 300Ah capacity ensures extended operational periods, reducing recharging frequency and maintaining workflow continuity. Specifically engineered for industrial electric vehicles, it provides reliable power for material handling operations.

Features

- Sustained 300Ah capacity ensures extended operational periods, reducing the frequency of recharging and maintaining workflow continuity.
- Specifically engineered for industrial electric vehicles such as forklifts, pallet trucks, and AGVs, providing reliable power for material handling operations.
- Advanced internal design and robust construction offer exceptional durability and resistance to vibrations, crucial for demanding industrial environments.
- The 24V system voltage is optimized for efficient energy transfer in a wide range of industrial electric machinery.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
24 V	**300 Ah**	**248 kg**

Technical Specifications

General Information

Technology	**Traction Battery**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**645 mm**
Width	**245 mm**
Height	**570 mm**
Weight	**248 kg**

Electrical Specifications

Nominal Voltage	**24 V**
Rated Capacity (C20)	**300 Ah**

Regulatory Compliance

CE

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0265127-EX**
Manufacturer Code:	**4 EPzB**
