

# EXIDE 48V 930Ah Traction Battery (Complete)

Battery / Accu | EXIDE | 0265237-EX

In demanding industrial environments requiring continuous power, the 930Ah capacity sustains extended operational cycles with reduced recharge frequency. An integrated aqua+ system and REMA 320 connector enhance maintenance efficiency and ensure safe, reliable connectivity for material handling vehicles.

### Features

- Extended operational cycles with 930Ah capacity ensure your equipment stays powered for longer, maximizing productivity and reducing recharge frequency.
- Engineered for material handling and industrial vehicles, providing dependable energy for forklifts, pallet trucks, and other electric machinery in demanding work environments.
- Features an integrated aqua+ system and REMA 320 connector for enhanced maintenance efficiency and safe, reliable connectivity.
- Robust construction and 48V system voltage are designed for resilience and consistent power delivery in heavy-duty applications.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
<b>48 V</b>	<b>930 Ah</b>	<b>1.364 kg</b>

## Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Battery (Complete)	Nominal Voltage	48 V
Chemistry	Lead-Acid	Rated Capacity (C20)	930 Ah
Physical Specifications			
Length	220 mm		
Width	496 mm		
Height	784 mm		
Weight	1.364 kg		

### Regulatory Compliance

**CE** Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3  
 Regulatory: CE | Bebat | ADR

### Product Identification

Item Code: **0265237-EX**  
 Manufacturer Code: **6 EPzS**
