

SUNLIGHT 48V 620Ah Traction Battery

Battery / Accu | SUNLIGHT | 0265528-SL

PzS tubular plate technology ensures superior cycle life and charge efficiency for demanding material handling. This 620Ah battery offers dependable, high-capacity power for electric traction vehicles during extended shifts.

Features

- Extended operational periods with a high 620Ah capacity, ensuring your material handling equipment remains productive throughout demanding shifts.
- Engineered for high-intensity industrial environments, including warehouses and manufacturing floors, providing dependable power for electric traction vehicles.
- PzS tubular plate technology delivers superior cycle life and charge efficiency, offering enhanced longevity and reduced total cost of ownership.
- Designed for seamless integration with standard DIN-A compliant equipment, featuring a robust construction for resilience against vibrations and impacts.
