

SUNLIGHT 24V 150Ah Traction Battery

Battery / Accu | SUNLIGHT | 0265998-SL

PzB cell technology ensures enhanced cycle life and consistent power delivery, extending operational uptime without frequent recharging across demanding logistics environments. This 24V 150Ah battery is optimized for traction applications, minimizing downtime for material handling equipment.

Features

- Extended operational uptime with a substantial 150Ah capacity, enabling longer shifts without the need for frequent recharging.
- Optimized for the rigorous demands of material handling equipment, including electric forklifts and AGVs in busy logistics environments.
- Utilizes proven PzB cell technology for enhanced cycle life and consistent, reliable power delivery critical for traction applications.
- Integrates seamlessly with standard equipment through its 24V system and included REMA80 connectors for straightforward installation.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
24 V	150 Ah	150 kg

Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Battery	Nominal Voltage	24 V
Chemistry	Lead-Acid	Rated Capacity (C20)	150 Ah
Physical Specifications			
Length	648 mm		
Width	148 mm		
Height	565 mm		
Weight	150 kg		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **0265998-SL**
