

EXIDE 80V 750Ah Traction Battery (Complete)

Battery / Accu | EXIDE | 0266310-EX

80V system voltage sustains high power output for demanding traction applications, ensuring consistent energy delivery for heavy load cycles. The complete 750Ah EPzS configuration integrates aqua+ technology and REMA 320 connectors for enhanced safety and simplified maintenance in industrial environments.

Features

- Sustained 750Ah capacity and 80V system voltage ensure extended operational cycles and consistent power delivery for heavy load demands.
- Engineered for material handling equipment such as electric forklifts, pallet trucks, and AGVs in demanding industrial environments.
- Features aqua+ technology for enhanced safety and simplified maintenance, alongside REMA 320 connectors for superior electrical connectivity.
- Designed for seamless integration and immediate deployment, minimizing downtime and maximizing fleet productivity.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
80 V	750 Ah	1,786 kg

Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Battery (Complete)	Nominal Voltage	80 V
Chemistry	Lead-Acid	Rated Capacity (C20)	750 Ah
Physical Specifications			
Length	23 mm		
Width	993 mm		
Height	627 mm		
Weight	1,786 kg		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **0266310-EX**
 Manufacturer Code: **6 EPzS**
