

EXIDE 48V 775Ah Traction Battery

Battery / Accu | EXIDE | 0266728-EX

Without a high-capacity 48V 775Ah battery, material handling equipment risks costly interruptions and reduced operational continuity. This unit sustains peak performance across multiple shifts, maximizing fleet availability in demanding logistics and manufacturing environments.

Features

- Extended operational uptime for material handling equipment, enabled by a high 775Ah capacity and 48V system voltage, minimizing costly interruptions.
- Optimized for the rigorous demands of electric forklifts, AGVs, and industrial cleaning machines in logistics, manufacturing, and warehousing sectors.
- Robust cell technology designed for deep-cycle applications, delivering consistent power delivery through thousands of charge and discharge cycles.
- Integrated aqua+ system and REMA320 connectors streamline maintenance and facilitate rapid battery swaps, enhancing fleet efficiency.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
48 V	775 Ah	1.129 kg

Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Battery	Nominal Voltage	48 V
Chemistry	Lead-Acid	Rated Capacity (C20)	775 Ah
Physical Specifications			
Length	832 mm		
Width	631 mm		
Height	784 mm		
Weight	1.129 kg		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **0266728-EX**
 Manufacturer Code: **5 EPzS**
