

# EXIDE 24V 465Ah Traction Battery

Battery / Accu | EXIDE | 0269091-EX

Sustained 465Ah capacity at 24V ensures extended operational shifts for material handling equipment, minimizing downtime. Advanced deep-cycle technology provides superior performance and resilience against heavy workloads in industrial environments.

### Features

- Sustained 465Ah capacity at 24V ensures extended operational shifts for electric material handling equipment, minimizing downtime.
- Engineered for the rigorous demands of industrial environments, including logistics, warehousing, and manufacturing facilities.
- Advanced traction battery technology provides superior deep-cycle performance and resilience against heavy workloads.
- Integrated aqua+ system and REMA 160 connector facilitate efficient maintenance and secure, reliable power connections.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
<b>24 V</b>	<b>465 Ah</b>	<b>387 kg</b>

## Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Battery	Nominal Voltage	24 V
Chemistry	Lead-Acid	Rated Capacity (C20)	465 Ah
Physical Specifications			
Length	798 mm		
Width	212 mm		
Height	784 mm		
Weight	387 kg		

### Regulatory Compliance

**CE** Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3  
 Regulatory: CE | Bebat | ADR

### Product Identification

Item Code: **0269091-EX**  
 Manufacturer Code: **3 EPzS**
