

EXIDE 24V 400Ah Traction Battery (Complete)

Battery / Accu | EXIDE | 0276806-EX

For challenging electric industrial vehicle maintenance, the integrated aqua+ system and REMA 160 connector simplify servicing and power transfer. This 24V 400Ah traction battery ensures extended uptime in demanding logistics operations with its high capacity.

Features

- Experience extended operational uptime with 400Ah capacity, ensuring your electric industrial vehicles remain powered through demanding work shifts.
- Engineered for the demanding operational environments of forklifts, pallet trucks, and AGVs in warehousing and logistics.
- Features an integrated aqua+ system and REMA 160 connector for simplified maintenance and efficient, safe power transfer.
- Built to withstand the rigors of industrial use, offering robust protection and reliable connectivity for consistent power delivery.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
24 V	400 Ah	310 kg

Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Battery (Complete)	Nominal Voltage	24 V
Chemistry	Lead-Acid	Rated Capacity (C20)	400 Ah
Physical Specifications			
Length	654 mm		
Width	242 mm		
Height	675 mm		
Weight	310 kg		

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **0276806-EX**
 Manufacturer Code: **4 EPzB**
