

EXIDE 24V 150Ah Traction Battery (Complete)

Battery / Accu | EXIDE | 0284832-EX

Sustained 150Ah capacity ensures full-shift operation, maximizing productivity for material handling equipment. Engineered for industrial traction applications, its robust construction with integrated REMA80 connector provides dependable, long-lasting performance.

Features

- Sustained 150Ah capacity ensures full-shift operation, maximizing productivity for material handling equipment.
- Engineered for electric forklifts, pallet trucks, and other industrial traction applications.
- Robust construction and integrated REMA80 connector for dependable, long-lasting performance in demanding environments.
- Designed for deep cycling, providing excellent longevity and consistent power output for industrial use.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
24 V	150 Ah	164 kg

Technical Specifications

General Information		Electrical Specifications	
Technology	Traction Battery (Complete)	Nominal Voltage	24 V
Chemistry	Lead-Acid	Rated Capacity (C20)	150 Ah
Physical Specifications			
Length	648 mm		
Width	156 mm		
Height	595 mm		
Weight	164 kg		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **0284832-EX**
 Manufacturer Code: **2 EPzB**
