EXIDE 2V 3 EPzB 225Ah Traction Cell

Battery / Accu | EXIDE | 0323754-EX

When specifying traction cells for material handling equipment, extended operational uptime is critical. The 225Ah capacity ensures your equipment remains productive for longer periods between charges, while advanced cell design optimizes energy delivery for consistent peak performance throughout the duty cycle.

Features

- Extended operational uptime with a high 225Ah capacity, ensuring your equipment remains productive for longer periods between charges.
- Engineered for material handling equipment like forklifts and pallet trucks, providing reliable power in demanding industrial environments.
- Advanced cell design optimizes energy delivery for consistent peak performance throughout the duty cycle, enhancing operational efficiency.
- Durable construction designed to withstand the rigors of continuous operation, minimizing downtime and maintenance concerns.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
2 V	**225 Ah**	**14,2 kg**

Technical Specifications

General Information

Technology	**Traction Cell**
Chemistry	**Lead-Acid**

Physical Specifications

Length	**61 mm**
Width	**158 mm**
Height	**541 mm**
Weight	**14,2 kg**

Electrical Specifications

Nominal Voltage	**2 V**
Rated Capacity (C20)	**225 Ah**

Regulatory Compliance

Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3

Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	**0323754-EX**
Manufacturer Code:	**3 EPzB**
