

TROJAN 12V 105Ah Deep Cycle Battery

Battery / Accu | TROJAN | 27TMX

Robust lead-acid technology sustains 105Ah capacity through deep discharge cycles, preventing premature power loss in mobile and off-grid equipment. This battery ensures operational continuity for cleaning machines, camper vehicles, and marine vessels by delivering consistent energy over extended use.

Features

- Delivering 105Ah of capacity at a C20 rate, this battery ensures your critical equipment remains operational throughout extended use cycles.
- Engineered for reliability in mobile and off-grid environments, it is perfectly suited for powering cleaning machines, camper vehicles, and marine vessels.
- Featuring robust lead-acid technology, the 27TMX is built for deep discharge cycles, offering sustained power where consistent energy is paramount.
- Designed with a weight of 25kg and dimensions of 326x168x247mm, it offers a durable and resilient power source that fits within standard equipment housings.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT	HOLD-DOWN TYPE
12 V	105 Ah	25 kg	B00

Technical Specifications

General Information		Electrical Specifications	
Technology	Deep Cycle Battery	Nominal Voltage	12 V
Chemistry	Lead-Acid	Rated Capacity (C20)	105 Ah
Physical Specifications		Layout	
Length	326 mm	Terminal Position	+L
Width	168 mm	Hold-Down Type	B00
Height	247 mm		
Weight	25 kg		
Case Type	GR27		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **27TMX**
 Manufacturer Code: **27TMX**
