

# TROJAN 12V 130Ah Deep Cycle Battery

Battery / Accu | TROJAN | 30XHS

Sustained 130Ah capacity at C20 ensures extended operational periods for your equipment, minimising downtime and maximising productivity. Proven lead-acid technology delivers dependable deep cycle performance for cleaning machines, campers, and marine environments.

### Features

- Sustained 130Ah capacity at C20 ensures extended operational periods for your equipment, minimizing downtime and maximizing productivity.
- Engineered for versatile use in cleaning machines, campers, and marine environments, providing reliable power where it's needed most.
- Utilizes proven lead-acid technology for dependable deep cycle performance, delivering consistent energy for critical applications.
- Robust construction and a compact form factor facilitate integration into various systems, ensuring fitment and durability.
