

VARTA Dynamic AGM 12V 50Ah Start-Stop Battery

Battery / Accu | VARTA | A9

Delivering 540A of cold-cranking power, this battery ensures reliable engine starts in demanding conditions, supporting advanced start-stop systems and energy recovery. Its superior AGM technology provides maintenance-free operation and exceptional vibration resistance for automotive applications.

Features

- Delivers 540A of cold-cranking power, ensuring reliable engine starts even in demanding conditions and supporting the energy needs of start-stop systems.
- Specifically engineered for automotive applications, ideal for vehicles equipped with advanced start-stop technology and energy recovery systems.
- Utilizes VARTA's DYN-AGM technology for superior performance, offering maintenance-free operation and exceptional vibration resistance.
- Designed with standard DIN terminal layout and B13 mounting foot for straightforward integration into compatible vehicle electrical systems.
