

TBB-POWER 12V 25A Multi-Bank Charger

Battery Charger / Acculader | TBB-POWER | BS1225-3

Critical onboard systems risk depletion and damage without independent battery bank management. This 12V, 25A charger intelligently manages up to three separate battery banks, ensuring consistent power and prolonging battery health for marine, caravan, and camper use.

Features

- Delivers 25A of charging current to rapidly and efficiently replenish power for multiple battery banks, ensuring your recreational vehicles and vessels are always ready for use.
- Engineered for marine, caravan, and camper applications, providing reliable and consistent power management for essential onboard systems in dynamic environments.
- Features multi-bank charging technology to intelligently charge up to three separate battery banks simultaneously, optimizing power distribution and battery health.
- Built to withstand the rigors of mobile and marine use, offering durable construction for reliable performance in vibration-prone and varying environmental conditions.

NOMINAL OUTPUT VOLTAGE	MAX OUTPUT CURRENT	WEIGHT
12 V	25 A	1,6 kg

Technical Specifications

Output		Connectivity & Protection	
Nominal Output Voltage	12 V	Reverse Polarity Protection	? Yes
Max Output Current	25 A	Short Circuit Protection	? Yes
Physical Specifications			
Length	249 mm		
Width	165 mm		
Height	74 mm		
Weight	1,6 kg		

Regulatory Compliance

CE Standards: EN 60335-2-29, EN 55014, EN 61000-3-2
Regulatory: CE

Product Identification

Item Code: **BS1225-3**
EAN/Barcode: **8720618147301**
Manufacturer Code: **BS1225**
Model: **BS1225-3**
