

TBB-POWER 12V Inverter-Charger

Inverter / Omvormer | TBB-POWER | CF1650L

Sustained AC power keeps essential devices running during transit, while the 50A charger rapidly replenishes batteries for extended operation. Engineered for demanding mobile use, this unit combines high-efficiency inversion with robust charging for marine, caravan, and camper applications.

Features

- Delivers continuous AC power to run essential appliances and electronics, ensuring comfort and functionality during travel.
- Engineered for demanding mobile environments including marine, caravan, and camper applications.
- Features a high-efficiency inverter and a powerful 50A charger for rapid battery replenishment and sustained power availability.
- Robust construction and integrated protection systems ensure reliable operation in challenging conditions.

CONTINUOUS POWER

1.600 W

WEIGHT

11,9 kg

Technical Specifications

Input	
Nominal Input Voltage	12 V DC
Physical Specifications	
Length	440 mm
Width	220 mm
Height	95 mm
Weight	11,9 kg

Power	
Continuous Power	1.600 W

Regulatory Compliance

Standards: EN 62109-1, EN 62109-2, EN 55011
Regulatory: CE

Product Identification

Item Code: **CF1650L**
Manufacturer Code: **CF1650L**
Model: **CF1650L**
