

CTEK Comfort Connect Eyelet M6 Cable

Battery Charger / Acculader | CTEK | CTEK.56-260

M6 eyelets ensure a low-resistance connection, preventing power loss during charging operations across automotive, caravan, camper, marine, and motorcycle applications. This 0.4m cable integrates seamlessly with CTEK chargers, simplifying battery maintenance and ensuring reliable power transfer.

Features

- Effortless battery connection for convenient and safe charging in automotive, caravan, camper, marine, and motorcycle applications.
- Designed for seamless integration with CTEK chargers, ensuring reliable power transfer and simplified battery maintenance.
- Durable 0.4m length with M6 eyelets provides optimal reach and secure fitment for a wide array of vehicle battery terminals.
- Enhances charging efficiency and user safety by creating a permanent, easy-access connection point, minimizing risk of errors.
