

TBB-POWER 12V 30A DC-DC Charger

Battery Charger / Acculader | TBB-POWER | DX1230

Advanced DC-DC charging technology intelligently manages power flow for fixed/mobile DC systems, protecting batteries for extended service life. Deliver 30A of charging current to rapidly replenish 12V auxiliary batteries, ensuring maximum operational readiness.

Features

- Deliver 30A of charging current to rapidly and effectively replenish your 12V auxiliary batteries, ensuring maximum operational readiness for your mobile applications.
- Engineered for reliable power management in automotive, camper, and marine applications, providing consistent battery charging under varying DC input conditions.
- Utilizes advanced DC-DC charging technology to intelligently manage power flow, protecting batteries from overcharging and deep discharge for extended service life.
- Compact and durable design suitable for space-constrained installations, offering robust protection and dependable performance in challenging mobile environments.

NOMINAL OUTPUT VOLTAGE	MAX OUTPUT CURRENT	WEIGHT
12 V	30 A	0,9 kg

Technical Specifications

Output		Connectivity & Protection	
Nominal Output Voltage	12 V	Reverse Polarity Protection	? Yes
Max Output Current	30 A	Short Circuit Protection	? Yes
Physical Specifications			
Weight	0,9 kg		

Regulatory Compliance

Standards: EN 60335-2-29, EN 55014, EN 61000-3-2
Regulatory: CE

Product Identification

Item Code: **DX1230**
EAN/Barcode: **8719325860726**
Manufacturer Code: **DX1230**
Model: **DX1230**
