

EXIDE 12V 72Ah Starter Battery

Battery / Accu | EXIDE | EA722

720CCA cold cranking power ensures reliable starting in extreme cold, enabling immediate engine ignition even in sub-zero temperatures. Engineered for passenger cars and light commercial vehicles, this battery delivers consistent and dependable starting power via proven lead-acid technology.

Features

- 720CCA cold cranking power ensures reliable starting in extreme cold, enabling immediate engine ignition even in sub-zero temperatures.
- Engineered for the automotive sector, this battery is specifically designed to meet the demanding starting power requirements of passenger cars and light commercial vehicles.
- Utilizing proven lead-acid technology, the EA722 delivers consistent and dependable starting power, a trusted standard for automotive applications.
- The robust construction and 12V system compatibility ensure seamless integration and reliable operation within a wide range of vehicle electrical architectures.
