

EXIDE 12V 75Ah Starter Battery

Battery / Accu | EXIDE | EA755

Continuous high-load engine starting in extreme cold demands 630A of cold-cranking power to sustain operational continuity. This starter battery integrates advanced plate technology for consistent ignition performance across passenger cars and light commercial vehicles.

Features

- Delivers 630A of cold-cranking power, ensuring reliable engine starts even in extreme cold, minimizing operational interruptions.
- Engineered for passenger cars and light commercial vehicles, offering dependable ignition performance for everyday and professional use.
- Utilizes advanced battery technology for consistent power output and extended service life, reducing replacement frequency and total cost of ownership.
- Features a robust design with secure terminal connections for safe and reliable integration into diverse vehicle electrical systems.

| NOMINAL VOLTAGE | RATED CAPACITY (C20) | COLD CRANKING AMPS (EN) | WEIGHT | HOLD-DOWN TYPE |
|-----------------|----------------------|-------------------------|----------------|----------------|
| 12 V | 75 Ah | 630 A | 17,4 kg | B01 |

Technical Specifications

| General Information | | Electrical Specifications | |
|--------------------------------|------------------------|---------------------------|--------------|
| Technology | Starter Battery | Nominal Voltage | 12 V |
| Chemistry | Lead-Acid | Rated Capacity (C20) | 75 Ah |
| Physical Specifications | | Cold Cranking Amps (EN) | 630 A |
| Length | 270 mm | Layout | |
| Width | 173 mm | Terminal Position | +L |
| Height | 222 mm | Hold-Down Type | B01 |
| Weight | 17,4 kg | | |

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
 Regulatory: CE | Bebat | ADR
