

EXIDE 12V 90Ah Starter Battery

Battery / Accu | EXIDE | EA900

Continuous high-load starting demands 720A cold-cranking power to ensure engine ignition reliability even in sub-zero temperatures. This 12V, 90Ah starter battery integrates advanced plate technology for enhanced durability and extended service life in passenger cars and light commercial vehicles.

Features

- Delivers 720A cold-cranking power, ensuring your engine starts reliably even in sub-zero temperatures.
- Engineered for passenger cars and light commercial vehicles, providing dependable starting power for daily use.
- Utilizes advanced plate technology for enhanced durability and extended service life, reducing replacement frequency.
- Designed with a focus on vibration resistance for increased longevity in diverse road conditions.
