LEOCH -BIKE 12V 12Ah Starter Battery

Battery / Accu | LEOCH | EBX14-BS

When specifying a starter battery for powersports, 200 CCA high-cranking power ensures immediate ignition and operational continuity. This LEOCH-BIKE battery's lead-acid technology delivers robust performance and cost-effectiveness for reliable motorcycle power across diverse applications.

Features

- Delivering 200CCA cold-cranking power, this battery ensures your motorcycle starts reliably, even in colder climates, minimizing downtime and maximizing riding time.
- Specifically engineered for the powersports segment, this battery is ideal for a wide array of motorcycle applications, providing the essential power needed for ignition and onboard systems.
- Utilizing proven lead-acid technology, this starter battery offers a balance of robust performance and cost-effectiveness for dependable motorcycle power.
- Designed for straightforward fitment with its standard terminal layout and compact form factor, ensuring compatibility and ease of installation in most motorcycle chassis.
