

LEOCH -BIKE 12V 12Ah Starter Battery

Battery / Accu | LEOCH | EBX14AH-BS

Without reliable engine starting, operational continuity is impossible — the 210 CCA output delivers the high-cranking power essential for immediate ignition across diverse temperatures. Specifically engineered for motorcycle applications, this lead-acid battery provides dependable power for ignition and accessories.

Features

- Delivers 210A of cold-cranking power, ensuring reliable engine starts in a variety of temperatures and conditions.
- Specifically engineered for the rigorous demands of motorcycle applications, providing dependable power for ignition and accessories.
- Utilizes proven lead-acid technology for a balance of performance, durability, and cost-effectiveness.
- Features a standard terminal configuration for straightforward installation and compatibility with most motorcycle electrical systems.
